Chapter 1 by Neolillz

Transformation. All the unicorns of the empire went to school, fought, lived and breathed for transformation. Transformation only occurred in the chosen ones, the rest were considered garbage, never to be seen again by anyone. Transformation consisted of 2 stages; mental and physical. After transformation, you would follow all orders of the King and your rainbow mane will become jet black.

Cru was nervous. She had trained hard for this day. Everything in the past had now come to this. The final race of the year. Cru was the fastest runner in all of her grade. As long as she won this and got decent grades, she was likely to get into the transformation program. The racers line up. "Good luck," she said to Klow, her best friend. Because she knew she was going to win, she felt guilty about this.

"You too Cru," mumbled Klow. Klow knew that he would come last anyway. 'I'm never going to get into the transformation program,' he thought. A bang sounded, which commenced the race.
